The Organika Experience

At Organika we provide a range of services for your health, wellbeing & beauty needs.

Below are some of the speciality services & treatments we provide from our highly qualified therapists.

Skin Needling & Microdermabrasion

These advanced treatments offer safe & effective skin rejuvenation.

Skin needling stimulates the production of your collagen to create smoother, healthier skin. It reduces acne scarring, stretch marks, fine lines, pigmentation, enlarged pores & scarring.

Our bio-hydrodermabrasion machine safely removes dead skin creating fresh new skin with increased collagen & elasticity.

Remedial Massage

Our qualified Remedial Massage therapist will draw on a range of modalities to support your ongoing health & wellbeing.

Healthfund Rebates are now available.

Reflexology

Our Advanced Practitioner provides a natural alternative to restoring balance & promoting healing.

Her treatment applies acupressure to micro maps & energy systems all over the body.
